

Document ID: PRD-NIMBUS-4.2

Product: Nimbus Document Intelligence

Version: 4.2

1. Overview

Nimbus is AetherCorp's document intelligence platform. It ingests PDFs, contracts, and knowledge-base articles, then answers questions with citations.

2. Editions

Starter: 5 seats, 10,000 pages per month, 7-day retention of traces.

Team: 50 seats, 200,000 pages per month, 90-day retention, SSO.

Enterprise: unlimited seats, private networking, dedicated retrieval cluster, 365-day retention, custom retention legal hold.

3. Key features

- Semantic search across PDF and HTML sources
- Agentic retrieval that rewrites follow-up questions
- Citation-backed answers
- Prompt library with versioned YAML prompts
- Evaluation workspace that reports faithfulness and latency

4. Nimbus Query Language

Users may prefix a question with `site:contracts` or `site:policies` to constrain retrieval.

The default collection is "global".

5. Limits

Maximum upload size is 50 MB per file. Supported types are PDF, DOCX, and HTML. Images inside PDFs are OCR'd when the OCR add-on is enabled.

6. SLAs

Team edition monthly uptime target is 99.5%. Enterprise uptime target is 99.9%. P1 incidents are acknowledged within 15 minutes for Enterprise customers.

7. Pricing

Starter is 49 USD per user per month. Team is 129 USD per user per month. Enterprise pricing is quoted by sales@aethercorp.example.
